NEWS LETTER

● April 2023 ● Volume 1

Message

Education is a shared commitment amongst teachers, motivated students and enthusiastic parents with high expectations. A joyful schooling experience depends on the excitement and happiness of the learners to go to school everyday. This happiness index of the learner is the measuring tool of a successful school beyond all other yardsticks. The talents, skills and abilities of each student needs to be identified, nurtured and encouraged so that they are able to reach greater heights. In this school, students are provided with the platform to act, express and show their caliber in this ever changing global society. This school is committed to inculcate in all its students strong ethical values of politeness, kindness and respect for elders. I firmly believe that education brings confidence, discipline, clarity in thoughts and decision making ability to set and achieve goals and above all social responsibility as a life long process. Sri Guru Harkrishan Public School, Tarn Taran being run under the aegis of well established management of Chief Khalsa Diwan, Amritsar has earned name not only in Tarn Taran but across the whole region. While academic excellence is our major thrust, the school is also devoted to co- curricular and extra curricular activities and prepare the students for life and groom them to face the challenges of tomorrow. I am confident enough that the school will be stronger day by day and achieve new heights.

Harjit Singh

Additional Honorary Secretary,
CKDCS, Amritsar,
President Local Committee, CKDCS, Tarn Taran
& Member - Incharge

Message

Nothing ever built arose to touch the skies, unless someone dreamt that it should, someone believed that it could and someone willed that it must.

All educational institutions are in fact the real temples and mines of precious stones where the world's great saints, scholars, scientists, national heroes, warriors, leaders and other great personalities who become source of inspiration for mankind in various fields are shaped by the teachers who are gurus in the real sense. Let us bow our heads before them sincerely from the core of our heart. A school is a temple of learning where little ones come with the blessings of parents to learn the maximum and from where they go with the blessings of the teachers to serve the nation and mankind. Education imparted in a school affects one's personality and life style. School education is both social and individual built on a solid foundation of truth and purity. It is not mere literacy, as greater importance is attached to spiritual training and character building. Therefore, dear parents, your child is in expert hands at Sri Guru Harkrishan Public School, Tarn Taran where the aim of education is harmonious and integrated development of personality. The students are empowered with good values, which help them face the challenges of life.

I am positive that the staff at Sri Guru Harkrishan Public School, Tarn Taran will continue their endeavour to impart value based quality education during the years to come.

Gurinder Singh

Vice President
Local Committee, CKDCS, Tarn Taran
& Member - Incharge

Message

It is my proud privilege to lead a school with legacy of 50 years of excellence! The journey of Sri Guru Harkrishan Public School, Tarn Taran began in 1973 with the mission in heart and vision in mind to nurture the human plants into global citizens with enlightened minds. Education is not just a process of giving knowledge for a future job or entrepreneurship but a lifelong process that creates an outstanding life-long learner. Here at Sri Guru Harkrishan Public School, Tarn Taran everybody is heard and we see ourselves as much in the core of our local community and believe in partnership with all the stakeholders and work closely with the parents to achieve the best for our pupils.

In accordance with national education policy NEP 2020 we focus upon developing 18 skills, subjects and capacities that are necessary to be imbibed by all the students to become a good, successful, innovative, adaptable and productive human beings in today's rapidly changing world.

We at SGHPS strive to promote ideation, innovation, students' startups and inculcate creativity and innovativeness, entrepreneurship, collaboration, teamwork, problem-solving and logical reasoning skills along with moral and ethical values with the help of our well qualified & dedicated staff to bring out the best of each pupil.

My only message to children is that there is no shortcut to success. Just dream big, have clear goals and then work hard to achieve them. Invest your time meticulously to enhance your skills, be not only the cocreator of your destiny but also the light house for many more.

Ranjit Bhatia

Principal
