Part - II

(To be filled by S.D.E. of P.W.D. B & R Department)

I have visited the above mentioned school on 02/5/2023 and have visually inspected all angles of safety and I found it fit for normal use as school building.

In case any addition / alteration of expansion and modification of this building is to be carried out, it should be carried out under the supervision of a technically specified Engineer and this certificate may be obtained after the completion of work from the undersigned.

In case the building is affected by flood or if there is settlement of walls / foundations or caves or cracks, an immediate inspection of the undersigned should be arranged to check the stability and safety of the building.

This building can be safely occupied for normal use up to 31/3/2024 (indicate the date by which it can be used).
